

EASY. SIMPLE. SMART.

Solutions For Hose And Cable Management

THE EZ CLAW[®] TRUCK

- A “no touch” system for maintaining maximum clearance that protects components from crimps, chafing and debris.
- Keep coiled/straight hoses and cables off the catwalk.
- Eliminates hoses and cables from snagging which prevents costly road-side service.
- Allows for 90” of hose and cable travel keeping components in a safe and DOT-visible condition.
- Allows for turns over 45 degrees of tractor trailer turning radius.
