

Discover how you can save money by decreasing maintenance costs and downtime!

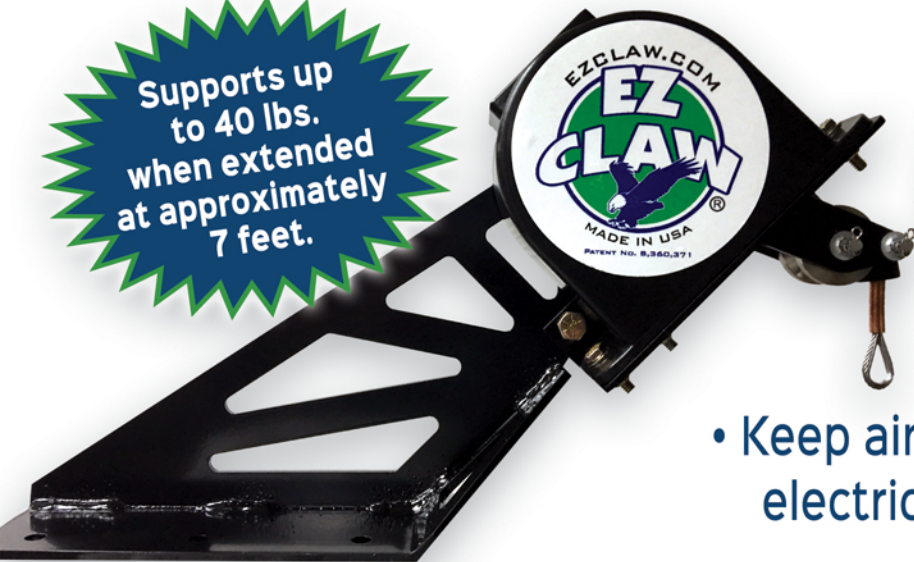

INTRODUCING THE **EZ CLAW®** **TRUCK** **TOP MOUNT**

EZ Claw® Truck Top Mount is an automatic extension and retraction system for airlines and electrical cords.

- A “no-touch” automatic extension and retraction system for maintaining maximum clearance.

Supports up to 40 lbs. when extended at approximately 7 feet.

- Keep airlines, hoses and electrical cords off the catwalk.
- Allow for sufficient airline and electrical cord slack for turns keeping components secure and safe.

- Protect your airlines and electrical cords for years!
- Eliminate chafing and subsequent “out-of-service” conditions.
